STATEMENT REGARDING CANCELLATION

With regret, we are cancelling the Newbury Duathlon, which was scheduled to run on 19th April 2020.

We will refund your full race fee directly to the card that you used to make your payment.

While this is probably not a surprise to you, we recognise that this news will be disappointing. However, we have received clear guidance from British Triathlon that all organised triathlon activity should be suspended with immediate effect until at least 30 April. This is based on the latest government guidance around Coronavirus/COVID-19.

Given the unpredictable nature of current events, we have chosen to cancel the event rather than reschedule it. But we expect to run the duathlon again on a future date and we hope we will have your support as a competitor at that time.

Kind Regards

Team Kennet
