

Team Kennet Athletics – Club Night Traffic Management – COVID-19

In September we will be welcoming more athletes back to CCAT. We have updated the traffic management plan for dropping off athletes to ensure that we can comply with England Athletics COVID-19 rules and keep the club safe for everyone.

ARRIVING AT THE CLUB

- Arrive at your allocated time – entry is staggered to allow social distancing while booking in.
- Only athletes are allowed to exit cars within the car park.
- Follow the one way system around the car park – shown below.
- There is a drop off point at the rear of pavilion which will allow athletes to exit the car and immediately enter the queue away from moving cars.
- If you need help or information please signal the car park attendant who will come to you.

PARKING

- If you are staying then please park considerately and do not leave large gaps between cars.
- Do NOT park blocking the track access ramp, access must be available at all times.
- COACHES only may access the track ramp to park by the equipment stores.
- If you need to exit your car for example to go onto the common then you may park on the driveway or on the gravel section by the main gate. (Note: that Dogs are not allowed out of cars in the car park in the club general rules)
- DO NOT under any circumstances enter the hospital car park – this could result in us losing access to the track and in you being locked into their car park for several hours.

COLLECTION

- Athletes can be collected from the track access ramp.
- Be aware in case there are athletes crossing the car park to get to their cars
- Follow the one way system around before exiting.
