PO Box 14 | Newbury | RG14 7ZE

October 2022

Dear parents and athletes

As we are now into winter training, and the COVID numbers on the rise again, a few Suggestions as always from myself, the Welfare officer, to ensure **safety for all**.

- **Please do not bring your child/children to training if they are feeling ill.**
- When your child is training, we ask that they have layers of clothing on of which all should have names in, especially the Wednesday night junior group.
- A polite reminder that our dress code policy is always in place and must be adhered too. We encourage bright clothing, especially in winter, providing it is not flashing.
- **NO flashing shoes** should be worn at the track as we do have members of the club that have epilepsy. Therefore, we ask you to be considerate of others.
- With **COVID** on the rise in our area again, as a precaution, may I remind you all that you should still be bringing your personal bag with your hand, gel, and water, etc. It is very important that we continue to use our risk assessment for the COVID and be as hygienic as possible. Hand sanitizer is still available at the reception.
- **No gatherings please** in the changing rooms, clubhouse or in the carpark. This leads to congestion on leaving the facilities.
- We ask that you collect your children and return to your car as soon as possible and vacate the carpark on the instructions of our volunteer carpark staff. **Please be safe.**
- We must continue to use the **in/out system** of the risk assessment by using access to the track via the pavilion ONLY and EXIT of the track via the ramp.
- **All parents collecting, should wait at the top of the ramp** for their children and **NOT** ask them to climb the grass areas or walk back through the pavilion.
- **Spikes should never be worn on the pavilion/decking areas.**

**Please refer to the Team Kennet website and/or Facebook page (in the first instance) before coming training for any updates or changes through the winter period, i.e., unpredictable weather, cancelled sessions: sometimes at short notice.**

It is very important that we continue to be aware of COVID, to ensure the safety of our members, including all our volunteer staff!

Yours in sport

**Cheryl Angell**  
**Senior Welfare Officer, Vice-chairperson, Throws coach**
