Wednesday night is Junior Night!

12.3.2021

To All Junior members & parents.

Both Nick and I have been working extremely hard behind the scenes, planning our next move on how we will be bringing back the Junior night to Wednesday.

We want to make sure the entry back into the club goes smoothly and safely too: we also need to make sure we have enough staff and that their welfare and general wellbeing is good, and that they are happy to return. This also goes for our junior athletes too. **Our date of return is Wednesday 14th April.**

We continue to have a status of “**COVID 19 Secure environment**” providing **everyone** adheres to the rules previously laid out. For extra precaution and safety, we ask that face coverings be worn by all Y6 and above whilst going through the reception area,

We have one additional requirement, that we must draw to your attention:

- **From the moment you enter the car park for training, and proceed to reception, you are confirming to us, that you are NOT showing any signs of COVID19 and that you are not self-isolating. This is your declaration to us.**

We will continue to temperature test on arrival: if you have a high temperature, you will be sent home. Your cooperation is required for this.

Parents, could you please remind your child/children how particularly important it is that they follow the guidance previously sent out and that they always listen to the coaches. We will ask you collect your child/children if they do not adhere to the rules of the club and our current guidance. Also, we will not tolerate bad behaviour, bad language, dangerous play, or rudeness to staff or members at any time. Please note the following reminders.

- Car park marshals will be in place for guidance, **please listen to them and be polite.**
- Athletes are to bring their own “named bag”, (no bigger than A4 size) to the track. This must contain your own hand gel, water bottle and any medication (labelled clearly please).
- Please ensure social distancing is always adhered to.
- **MOBILE PHONES** should **NOT** be seen out during session therefore, you are requested to put it away until you have left the track.
- Collection point of your child will be at the ramp. Please wear your face covering when collecting.
- Please turn your engines off when parked in the car park.

Finally, we ask that we do not hear any children talking about COVID 19: prior to lockdown, I received several complaints regarding this. The situation was dealt with by me, but unfortunately a few children decided they did not want to come training because of what they have heard from others, therefore, we ask that you brief them accordingly.

We thank you for your patience, understanding and cooperation, and look forward to seeing you.

Yours in Sport

Cheryl Angell
COVID 19 Officer Vice Chair,
Welfare Officer & Coach
